Sir:

In light of the Continued Prosecution Application filed November 21, 2001 and in view of the Examiner's comments in the Official Action dated June 22, 2001 that newly submitted claims 34-38 are directed to non-elected subject matter and have been withdrawn from consideration, Applicants wish to reconsider their previous election and request that the Examiner issue a new Restriction Requirement setting forth the groups of inventions for the pending claims of the present application.

If the Examiner has any questions concerning the contents of the paper, the Examiner is invited to contact the undersigned at the telephone number below.
